Mr. Theodore P. Mixon

Dear Mr. Mixon:

Allen W. Dulles, Birector of Central Intelligence, saked me to thank you for your letter of 7 December 1960.

As you may know, some of the questions you ask concern policy and, therefore, your inquiry might more properly be addressed to the Department of State. The Central Intelligence Agency supplies data to the Department of State, Defence Department, Estimal Security Council and other Government establishments that may assist them in formulating policy, but CIA does not make policy.

I am emclosing some unclassified data on the CIA which may be of interest. For information as to how a citizen may fight communism you may care to address such an impury to:

Dr. Frank R. Burnett, Director of Basearch Richardson Foundation 122 East 42nd Street New York 17, New York

Thank you for your very interesting letter.

Sincerely,

Stanley J. Grogen

Assistant to the Director
